OFFER ANNOUNCEMENT

1. INTRODUCTION

Oversea-Chinese Banking Corporation Limited ("**OCBC**") wishes to announce, for and on behalf of Sanjuro United Pte. Ltd. (the "**Offeror**"), that the Offeror intends to make a voluntary conditional cash offer (the "**Offer**") in accordance with Rule 15 of the Singapore Code on Takeovers and Mergers (the "**Code**") for all the issued and paid-up ordinary shares (the "**Shares**") in the capital of Hwa Hong Corporation Limited (the "**Company**"), other than any Shares held in treasury and those Shares held, directly or indirectly, by the Offeror as at the date of the Offer (collectively, the "**Offer Shares**" and each, an "**Offer Share**").

2. THE OFFER

2.1 Offer Terms

In accordance with Rule 15 of the Code, and subject to the terms and conditions set out in the formal offer document to be issued by OCBC, for and on behalf of the Offeror (the "**Offer Document**"), the Offeror will make the Offer for the Offer Shares at the following consideration:

For each Offer Share: S\$0.370 in cash (the "Offer Price**").**

2.2 No Encumbrances

The Offer Shares are to be acquired (a) fully paid; (b) free from all liens, equities, mortgages, charges, encumbrances, rights of pre-emption and other third party rights and interests of any nature whatsoever; and (c) together with all rights, benefits and entitlements attached thereto as at the date of this Announcement (the "**Offer Announcement Date**") and hereafter attaching thereto (including the right to receive and retain all dividends, other distributions and/or return of capital ("**Distributions**"), if any, which may be announced, declared, paid or made thereon by the Company on or after the Offer Announcement Date).

2.3 Adjustment for Distributions

Without prejudice to the generality of the foregoing, the Offer Price has been determined on the basis that the Offer Shares will be acquired with the right to receive any Distributions that may be declared, paid or made by the Company on or after the Offer Announcement Date (excluding the final one-tier tax exempt dividend of one (1) cent per Share for the financial year ended 31 December 2021 proposed by the directors of the Company (the "**FY2021 Dividend**"). **In the event that any Distribution (other than the FY2021 Dividend) has been paid or made by the Company to a shareholder of the Company ("**Shareholder**") who accepts or has accepted the Offer and the settlement date in respect of the Offer Shares accepted pursuant to the Offer falls after the books closure date for the determination of entitlements to such Distribution, the Offer Price payable to such accepting Shareholder shall be reduced by an amount which is equal to the amount of such Distribution paid or made by the Company to such accepting Shareholder.**

For the avoidance of doubt, the Shareholders will retain the FY2021 Dividend in addition to receiving the Offer Price.

In respect of the FY2021 Dividend, the Company has announced that the record date was 5 May 2022 and the FY2021 Dividend will be paid on 19 May 2022.

2.4 Conditional Offer

The Offer will be conditional upon the Offeror having received, by the close of the Offer, valid acceptances in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and parties acting in concert with the Offeror (whether before or during the Offer and pursuant to the Offer or otherwise), will result in the Offeror and parties acting in concert with the Offeror holding more than 50% of the total number of Shares (excluding Shares held in treasury) as at the close of the Offer.

2.5 Options

The Company previously had in place the "Hwa Hong Corporation Limited (2001) Share Option Scheme" which has since lapsed on 28 May 2021. As at the Offer Announcement Date, based on publicly available information, no options are outstanding under this scheme.

6. RATIONALE FOR THE OFFER

6.1 **Opportunity for Shareholders to realise their investment at an attractive price and a compelling premium.**

The Offeror is of the view that the Offer represents an attractive cash exit opportunity for Shareholders to realise their entire investment in cash with price certainty at a compelling premium, without incurring brokerage and other trading costs.

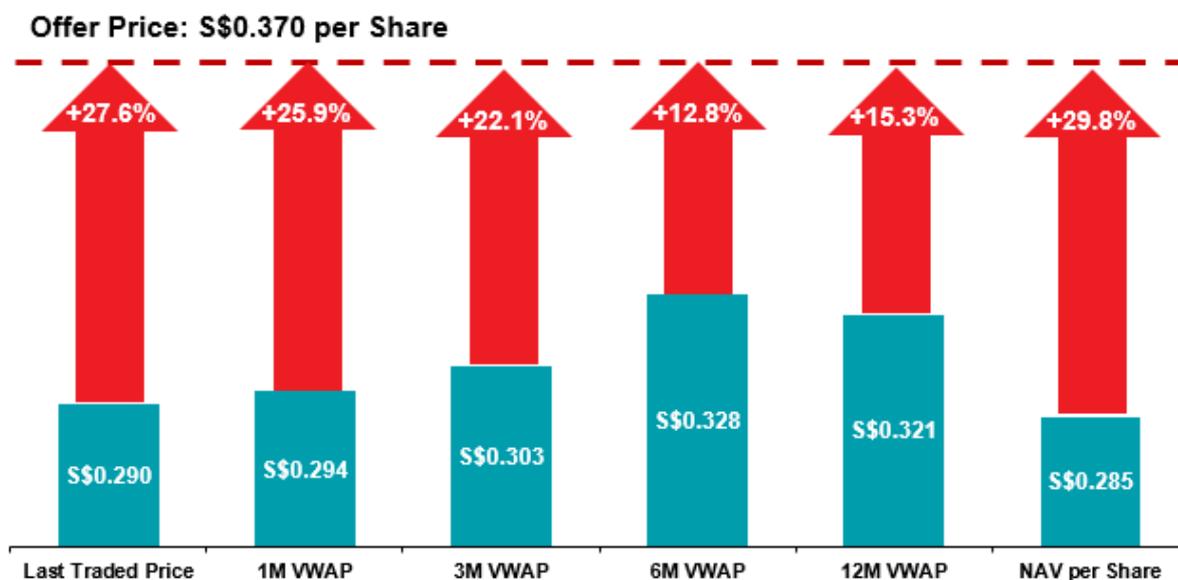

- (a) The Offer Price exceeds all previous closing prices of the Shares in the nine (9)-year period up to and including 12 May 2022, being the last full trading day of the Shares prior to the Offer Announcement Date (the "**Last Trading Date**").

- (b) In addition, the Offer presents Shareholders with an opportunity to realise their investment in their Shares at a premium of approximately:
- (i) 27.6% over S\$0.290², the last traded price per Share on the Last Trading Date;
 - (ii) 25.9% over S\$0.294, the volume weighted average price ("**VWAP**") of the Shares for the one (1)-month period up to and including the Last Trading Date;
 - (iii) 22.1% over S\$0.303, the VWAP of the Shares for the three (3)-month period up to and including the Last Trading Date;
 - (iv) 12.8% over S\$0.328, the VWAP of the Shares for the six (6)-month period up to and including the Last Trading Date;

² The S\$ figures (excluding the Offer Price) are rounded to the nearest three decimal places and are sourced from Bloomberg L.P. up to and including the Last Trading Date. The respective premia are rounded to the nearest one decimal place.

- (v) 15.3% over S\$0.321, the VWAP of the Shares for the 12-month period up to and including the Last Trading Date; and
- (vi) 29.8% over S\$0.285, the net asset value ("**NAV**") per Share as at 31 December 2021.

6.2 **The Company, as with many property-related businesses, faces a challenging and unprecedented macro and operating environment driven by COVID-19, geopolitical tensions and Brexit.**

The Company faces a challenging macro and operating environment both in Singapore and the UK, driven by a myriad of risk factors including:

(a) **Global supply chain disruption, acceleration of global inflationary conditions and wage pressures**

As a result of the ongoing COVID-19 pandemic, the construction of developmental projects continues to face prolonged challenges due to global supply chain disruptions and labour shortages, leading to rising material and labour costs, higher tender prices for new projects and increasing risks of default by construction contractors. The Company may also face increasing risks of delays in project completion and challenges in the resumption of rental income from its redevelopment and refurbishment projects. Further uncertainties are driven by the post-Brexit environment that may materially impact businesses.

(b) **Shifting work trends and social patterns in the post-COVID-19 pandemic new normal and the increasing importance of environmental, social and governance ("**ESG**") standards may lead to lower demand and obsolescence of existing office space**

The adoption of hybrid working arrangements and the shift towards flexible working space may drive a structural change in office leases in favour of shorter tenures,

frequent vacancies and turnover and longer downtime. Widespread adoption of ESG standards and the upward trend of flight to quality trend are also increasingly leading tenants to demand and shift to newer and higher quality spaces that have the most updated green and social-friendly specifications, with an emphasis on employee well-being. This is ratcheting up the pressure on landlords to upgrade their office stock to meet exacting net-zero carbon demands and employee well-being needs. As some of the Company's office investment properties are ageing, the expected capital expenditure and loss of income arising from refurbishments and redevelopments may impact the Company's future income. The return on investment may also become unappealing given the rising cost of redevelopments. The higher ESG requirements may also impact the market value of the Company's properties. There is therefore no guarantee that the Company will be able to monetise its assets at favourable capital values. In addition, the Company's investments are in the form of joint ventures or non-controlling associate stakes, and the Company may therefore not be able to refurbish or redevelop without the agreement of its joint venture partners.

(c) **Geopolitical concerns stemming from the Ukraine-Russia war may lead to heightened energy costs and production disruptions, and spark a recession in Europe's largest economies and the UK from potential oil and gas sanctions**

The UK's and Europe's economies remain interdependent even post-Brexit. There are heightened geopolitical concerns stemming from the Ukraine-Russia war, which is the worst crisis in Europe since World War Two. Even as Europe is committed to end its reliance on Russian energy, it will take time. A sudden halt of Russian energy imports could see the physical shutdown of producers, especially German manufacturers and carmakers, and spark a sharp recession in Europe's biggest economy by 2023, with a wider impact across the continent as well as in the UK.

(d) **China's zero-COVID policy, coupled with a crackdown on Big Tech, a real estate slump and risks related to Russia's war in Ukraine, has caused a stall in China's economy with a slump in manufacturing and services**

Closer to Singapore, China is experiencing slowing export growth and a severe contraction in its property sector due to China's policy crackdown on its residential housing market. China is struggling to contain its most severe wave of COVID-19 infections since winter 2020. The headwinds from the impact of the Omicron wave as well as its unwavering zero-COVID strategy has led to economic pain and disruptions from widespread partial / full lockdowns, dampened consumer sentiment, private investments and disruptions in production and logistics supply chains. Increasing domestic logistics and port operations disruptions may spill over to regional and/or global supply chains. The impact of the Russia-Ukraine war has pushed up costs for Chinese businesses amidst fading export growth. Any sustained slowdown in China may potentially have a global impact, and when coupled with inflation risks and war, this may potentially raise recession fears in the United States of America and Europe this year.

These uncertainties may pause or halt business investments and dampen consumer sentiment in the markets that the Company operates in, leading to delays in leasing

decisions, thereby impacting future occupancies and rental outlook of the Company's investment properties.

(e) **Tax rises in the UK in response to a weakening of the public finances, caused initially by Brexit and, more recently, exacerbated by the COVID-19 pandemic**

UK companies will face an increase in corporation tax from 19% to 25% with effect from 1 April 2023. Interest rates are expected to be hiked to record levels as the Bank of England battles to cool the rocketing inflation. This will make it increasingly challenging as the Company has investment properties in the UK and will be affected by the macroeconomic conditions.

The increase in taxes is brought about as the government looks to restore public finances and prevent debt from rising in the aftermath of the COVID-19 pandemic given the unprecedented levels of government spending on various support measures. Such pressures will likely be compounded by surging energy prices and the ongoing conflict in Ukraine. The ageing population in the UK will demand more health and social care, both of which will be increasingly expensive.

(f) **End of loose monetary conditions and record low interest rates; interest rate hikes and quantitative tightening are leading to the tightening of credit conditions and the reduced appetite for expansion from businesses and investors**

The Federal Reserve is on an aggressive path to hike interest rates to combat sticky inflation, spiking energy prices and wage growth pressures. This has led global central banks to tighten monetary policies, leading to an end to a decade of loose monetary conditions and record low interest rates. This has raised the real cost of capital, lowered the appeal of real estate investment, lowered real estate values and a flight to quality assets. A potential recession in the United States of America, especially if triggered by a cycle of raising of interest rate by the Federal Reserve, may trigger chaos in the financial markets and increase global volatility. The rising interest rate environment may negatively affect the value of, and cashflows derived from, the Company's investment properties as a result of higher debt financing costs and higher discount or capitalisation rates.

The Offeror is of the view that the Offer represents an attractive opportunity for Shareholders to exit their investment in an uncertain economic environment.

6.3 **Following recent changes to the Board after the 2022 AGM, the Board is currently majority-controlled by certain close family members and substantial shareholders, with no independent directors on the Board. The Company has also been served with a Notice of Compliance by the SGX-ST. These developments create uncertainty in the future direction and strategy of the Company.**

(a) **The Company has no Independent Directors presently**

Since the conclusion of the annual general meeting of the Company held on 18 April 2022 (the "**2022 AGM**"), the following Board changes have taken place:

- (i) 18 April 2022 – Cessation of Independent and Non-Executive Director, Mr. Tham Chee Soon, as the resolution for his re-appointment was not passed at the 2022 AGM;
- (ii) 18 April 2022 – Re-designation of Mr. Huang Yuan Chiang from Non-Executive Independent Director to Non-Executive Non-Independent Director, as the requisite resolutions for his continued appointment as an Independent Director were not passed at the 2022 AGM;
- (iii) 25 April 2022 – Resignation of Non-Executive Non-Independent Director, Dr. Ong Hian Eng, and cessation of Mr. Ong Eng Keong (who was appointed as an alternate director to Dr. Ong Hian Eng on 31 May 2021) as an alternate director;
- (iv) 25 April 2022 – Appointment of Mr. Ong Eng Keong as a Non-Independent and Non-Executive Director of the Company;
- (v) 4 May 2022 – Resignation of Chairman and Non-Executive Independent Director, Mr. Mak Lye Mun, due to "disagreement with certain Board members on the selection and appointment process of two (2) new Independent Directors";
- (vi) 5 May 2022 – Resignation of Non-Independent and Executive Director, Mr. Ong Mui Eng, with effect from 31 July 2022, and withdrawal of Mr. Ong Eng Loke (who was appointed as an alternate director to Mr. Ong Mui Eng on 23 April 2021) as an alternate director; and
- (vii) 5 May 2022 – Appointment of Mr. Ong Eng Loke as a Non-Independent Executive Director and Acting Group Managing Director of the Company.

With the resignation of the Independent Chairman of the Board, Mr. Mak Lye Mun, on 4 May 2022, the Board no longer has any Independent Directors to ensure proper functioning and corporate governance of the Company. In addition, despite there being insufficient or no Independent Directors to constitute a proper Nominating Committee after the conclusion of the 2022 AGM, the Board proceeded to appoint two (2) new Non-Executive and Non-Independent Directors during the same period.

(b) The Company has had a good compliance track record for decades until recently

The Company has, for many years under previous boards, complied with the independence requirements for board composition. With the recent changes in the Board post the recent 2022 AGM, the Board currently has no Independent Directors and is majority-controlled by certain close family members and substantial shareholders.

(c) **Need for independent review in the Company's internal controls, process and practices relating to Board nomination process**

The Company has been served a Notice of Compliance by the SGX-ST on 6 May 2022 (the "**Notice of Compliance**") and is required to, *inter alia*, appoint independent reviewers to review the process and practices relating to the selection and appointment of Independent Directors. In response to the Notice of Compliance, the Company released a clarification announcement on 9 May 2022 to disclose that five (5) potential Independent Director candidates were recommended by two (2) members of the Board, who are close family members and also substantial shareholders of the Company³.

(d) **The Company has had recent changes in management which may lead to uncertainty in executing any business plan and strategy**

The Company has had changes in leadership in recent years with three (3) Managing Directors (including acting Managing Directors) since March 2021. These changes in key management personnel within a short time frame may result in uncertainty in the direction of the leadership and challenges in the execution of any business plan and strategy of the Company.

The current state of affairs of the Company is highly unsatisfactory. It is unclear whether the business plan and strategy that was proposed by the previous management team of the Company and approved by the previous Boards will continue to be implemented. Recent events also raise concerns as to the corporate governance of the Board and the Company going forward and the Board's ability to navigate the Company through the current volatile markets.

In view of the above, the Offeror believes that its Offer is a viable exit alternative for Shareholders who do not wish to be subject to the risk of uncertainty in the direction and strategy of the Company.

6.4 **Opportunity for Shareholders to exit their investment, which may otherwise be difficult due to low trading liquidity.**

The trading volume of the Shares has been generally low, with an average daily trading volume⁴ of approximately 24,900 Shares, 22,089 Shares, 27,995 Shares and 41,337 Shares during the one (1)-month, three (3)-month, six (6)-month and 12-month periods respectively up to and including the Last Trading Date. Each of these represents less than approximately 0.007% of the total number of issued Shares (excluding treasury shares) for any of the aforementioned relevant periods.

The low trading liquidity may not provide Shareholders with sufficient opportunities to efficiently exit their investments in the Company. Hence, the Offer represents a unique cash exit

³ Based on publicly available information.

⁴ The average daily trading volume is computed based on the total volume of Shares traded divided by the number of Market Days with respect to the one (1)-month period, three (3)-month period, six (6)-month period and 12-month period up to and including the Last Trading Date. "**Market Day**" refers to a day on which the SGX-ST is open for the trading of securities.

opportunity for Shareholders to liquidate and realise their entire investment at a premium, an option which may not otherwise be readily available due to the low trading liquidity of the Shares.

- 6.5 **Compliance costs of maintaining listing status.** In maintaining its listed status, the Company incurs compliance and associated costs. In the event that the Company is delisted from the SGX-ST, the Company will be able to save on expenses relating to the maintenance of its listed status and focus its resources on its business operations.

7. **LISTING STATUS AND COMPULSORY ACQUISITION**

7.1 **Listing Status**

Under Rule 723 of the listing manual of the SGX-ST (the "**Listing Manual**"), the Company must ensure that at least 10% of the total number of Shares is at all times held in public hands (the "**Free Float Requirement**"). Pursuant to Rule 1105 of the Listing Manual, upon an announcement by the Offeror that acceptances have been received pursuant to the Offer that bring the holdings owned by the Offeror and parties acting in concert with the Offeror to above 90% of the total number of issued Shares (excluding any Shares held in treasury), the SGX-ST may suspend the trading of the Shares in the Ready and Unit Share markets until it is satisfied that at least 10% of the total number of issued Shares (excluding any Shares held in treasury) are held by at least 500 Shareholders who are members of the public.

Rule 1303(1) of the Listing Manual provides that if the Offeror succeeds in garnering acceptances exceeding 90% of the total number of issued Shares (excluding any Shares held in treasury), thus causing the percentage of the total number of issued Shares (excluding any Shares held in treasury) held in public hands to fall below 10%, the SGX-ST will suspend trading of the Shares only at the close of the Offer.

Under Rule 724(1) of the Listing Manual, if the Free Float Requirement is not satisfied, the Company must, as soon as practicable, announce that fact and the SGX-ST may suspend trading of all the Shares. Rule 724(2) of the Listing Manual states that the SGX-ST may allow the Company a period of three (3) months, or such longer period as the SGX-ST may agree, to raise the percentage of the Shares (excluding any Shares held in treasury) held in public hands to at least 10%, failing which the Company may be removed from the Official List of the SGX-ST.

7.2 **Compulsory Acquisition**

Pursuant to Section 215(1) of the Companies Act 1967 of Singapore ("**Companies Act**"), in the event that the Offeror acquires not less than 90% of the total number of issued Shares (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer and excluding any Shares held in treasury), the Offeror will be entitled to exercise the right to compulsorily acquire all the Shares of Shareholders who have not accepted the Offer at a price equal to the Offer Price.

In addition, pursuant to Section 215(3) of the Companies Act, if the Offeror acquires such number of Shares which, together with the Shares held in treasury and Shares held by it, its

related corporations and their respective nominees, comprise 90% or more of the total number of issued Shares, the Shareholders who have not accepted the Offer will have a right to require the Offeror to acquire their Shares at the Offer Price. Such Shareholders who wish to exercise such a right are advised to seek their own independent legal advice.

7.3 Offeror's Intentions

The Offeror intends to make the Company its wholly-owned subsidiary and does not intend to preserve the listing status of the Company. Accordingly, the Offeror, if and when entitled, intends to exercise its right of compulsory acquisition under Section 215(1) of the Companies Act and does not intend to support or take any step (including the placing out of Shares by the Offeror) for the public float to be restored and/or for any trading suspension of the Shares by the SGX-ST to be lifted in the event that, *inter alia*, less than 10% of the total number of issued Shares (excluding any Shares held in treasury) are held in public hands. In addition, the Offeror also reserves the right to seek a voluntary delisting of the Company from the SGX-ST pursuant to Rules 1307 and 1309 of the Listing Manual.

8. DISCLOSURE OF SHAREHOLDINGS

8.1 Save as disclosed in **Schedule 2** of this Announcement and save for the financing arrangements made in connection with the Offer, including the creation of security interests over, *inter alia*, all present and future Shares legally and beneficially owned by the Offeror in favour of OCBC, prior to the making of this Announcement, none of (a) the Offeror and its directors; (b) EIPL and its shareholders; (c) RAL; (d) (i) CSGL and its related corporations, (ii) KC, (iii) companies controlled by KC, (iv) KC's spouse, (v) KC's parents and (vi) KC's siblings; (e) EL; and (f) OCBC, as the financial adviser to the Offeror:

(A) owns, controls or has agreed to acquire any:

- (1) Shares;
- (2) securities which carry voting rights in the Company; or
- (3) convertible securities, warrants, options or derivatives in respect of such Shares or securities,

(collectively, the "**Company Securities**");

(B) has received any irrevocable commitment or undertaking (other than the Consortium Irrevocable Undertakings and the Additional Irrevocable Undertaking) from any party to accept or reject the Offer; and/or

(C) has:

- (1) granted a security interest over any Company Securities to another person, whether through a charge, pledge or otherwise;

- (2) borrowed from another person any Company Securities (excluding borrowed Company Securities which have been on-lent or sold); or
- (3) lent any Company Securities to another person.

8.2 In the interest of confidentiality, the Offeror has not made enquiries in respect of certain other parties who are or may be presumed to be acting in concert with it in connection with the Offer. Further enquiries will be made of such persons by the Offeror and the relevant disclosures, if any, will be made in the Offer Document.
